↳ Skills/Expertise

HTML/CSS

- I specialise in HTML and CSS and can work with Bootstrap framework
- I can create websites & also maintain if you already have one for your brand/company.

Graphic Design

- Can design banners, posters, logos, etc.
- Has experience using Photoshop + Adobe Illustrator

↳ Brief

I am Vihaan Vinoth and I am currently in grade 7 (Secondary School) in Victoria, Australia. I am passionate about web development, coding, and graphic design (including Badminton & Hockey!). Currently, I am wanting to do a casual job that I can do at home (aka a side-hustle) so I can manage my time and balance school + my work. Feel free to email me if you have any further inquiries.
